Colourful Expressions: Deaf-Mute Children Create Diwali Magic

This Diwali, the spirit of festivity is elevated by the heartfelt creations of deaf-mute children, who have poured their emotions into crafting beautiful diyas and fabric bags. Each purchase not only enhances your celebrations but also brings joy to the faces of these talented artists.

Heartfelt Creations by Talented Students - The stunning diyas and bags, made by students from deaf-mute schools in Ajmer, Bhilwara, and Udaipur, will be available for purchase at a special Diwali stall organized under the HeartWithFingers initiative. These hand-crafted items reflect the creativity and spirit of the children involved, showcasing their unique expressions through art and sign language.

Empowering the Next Generation of Entrepreneurs - The initiative, part of Hindustan Zinc's CSR program, Life Tarang, aims to foster entrepreneurship among these children while enhancing their vocational skills. With guidance from trainers who taught using sign language and support from 28 Hindustan Zinc employees, these students transformed simple clay and fabric into vibrant pieces of art.

Collaboration for a Noble Cause - Approximately 150 students from various deaf-mute institutions, including Ajmer Deaf School, Abhilasha Special School, Udaipur Deaf School, and Bhilwara Deaf School, participated in this creative endeavor. This program not only nurtures their artistic talents but also instills a sense of pride and accomplishment.

Life Tarang: A Journey of Empowerment - Hindustan Zinc launched the Life Tarang program in 2017, dedicated to empowering individuals with disabilities by providing better educational opportunities. This initiative has positively impacted over 700 visually impaired and deaf-mute children, helping them become contributing members of their families.

Transforming Lives through Education - Through Life Tarang, approximately 600 children have learned Indian Sign Language through a dedicated curriculum, while more than 100 visually impaired children have gained access to technology, including Daisy players, smartphones, and computers. This comprehensive approach ensures these children are equipped with the skills necessary for a dignified and self-reliant future.

A Vision for Inclusion and Empowerment - Hindustan Zinc's commitment extends beyond education, actively supporting deaf-mute individuals with sign language training and enhancing educational resources for the visually impaired. This Diwali, as you light your diyas, remember the creativity and resilience of these children, whose art brings light and joy to the community.

Joyful Reunion: Alumni Celebrate Diwali with Heartwarming Bonding Event of MB

Udaipur: The Maharana Bhupal College Alumni Association celebrated a delightful Diwali Sneh Milan event at the college's Vivekananda Auditorium. In his presidential address, former Vice-Chancellor Dr. I.V. Trivedi expressed his joy in welcoming his B.Com classmate, CA Mahendra Jain, as a new member of the council after fifty years, sparking fond memories of their college days.

Media In-Charge Professor Vimal Sharma shared that the program commenced with welcoming remarks from General Secretary Shantilal Bhandari. Following this, Prakash Tated presented the minutes of the last meeting for approval.

During the ceremony, members born in October, including Ravindra Bhatnagar, along with new members Mahendra Jain and Mrs. Pushpa Jain, were honored with tilak and garlands. Mahendra Jain shared that after completing his B.Com in 1975, he became a Chartered Accountant and moved to Indore. He recently shifted back to Udaipur six months ago and eagerly joined the alumni council. Subhash Nagla, who graduated in 1975, joined university service and retired as a Section Officer. He moved abroad shortly after becoming a member but returned just last week. Mrs. Pushpa Jain, who earned her Master's in Economics in 1974 and later a B.Ed., is actively involved in social institutions after retiring from government service.

Cultural performances included SR Tiwari narrating the poignant tale of Bhisma from the Mahabharata, while Mrs. Sita Sharma sang the devotional song "Aisi Lagi Lagan Meera Ho Gayi Magan." Ravindra Bhatnagar, Sanjeev Bhardwaj, Indra Mal Patwa, Chandan Singh Chhacheer, B.L. Chawat, Dr. Naresh Sharma, and Dr. Vimal Sharma presented popular film songs. Mrs. Renu Bhandari narrated the story of clay lamps, and Prakash Tated recited poetic verses, while Professor Mahip Bhatnagar's jokes kept everyone amused. General Secretary Shantilal Bhandari encouraged members to visit the elderly members residing nearby to strengthen their bond with the association. The proposal for creating a new packet diary was accepted, and Dr. Indravardhan Trivedi offered to oversee its publication. There was also agreement to organize a picnic next month. K.S. Nalvaya expressed gratitude, and after the national anthem, everyone enjoyed a warm Sneh Bhoj together.

शुभ दीपावली
